# Foreword

As we look back and see the winding road that has brought us here, the closing of our high school years seems to be the end of the road.

But our lives must change with the future that lies ahead, and what seems now to be the end is but a bend in the road.

# Student Life . . .

From the first day we entered school, the thought of going to high school held a special fascination. The high school students marched in parades, went on dates, played on the athletic teams—and growing up looked like a glamorous thing to do.

Now we've finally reached our goal, and seeing the world in a more realistic way, we are able to see that being in high school involves much more than entertainment.

Every football jersey worn by a player represents hours of practice and hard work. Blue and gold t-shirts and class rings reflect the time and effort put into supporting our school. Dates and cars cost money which many work to earn, and most of the things we do in one way or another involve MHS.

# A collection of memories

As we grow older and prepare for the years of life ahead, we'll remember the close friends we had in high school and will realize that students are the life of the school. The new gymnasium and media center were not built for the appearance of a building. They were built for the students of MHS. We've worked hard to become a part of our school. We know that it was worth waiting for, because being a part of MHS means sharing its accomplishments and sharing its memories.

Angie,
I'm really glad I got to ask to you this year and find out what a really nice person you are! Hope you have a good summer!
Love,
Beth

# "We've got tonight, who needs tomorrow"

All the anxiety over a date, ordering special flowers, the hours spent shopping for just the right dress, making reservations for dinner, and renting a tuxedo paid off on the evening of May 4—the night of the 1979 Marion High School Prom.

# "I know it's late—I know you're weary"

Blue and silver decorations which cost over $500 added to the glamour of a prom which cost approximately $3700. The 1979 junior class raised around $4300 in cheese and sausage sales during the fall in order to pay the many expenses.

The Prom theme, "We've Got Tonight," set the stage for a romantic evening which began with a formal dance at Ban Dor Inn. The "Gary Jones Band" began the evening's entertainment with music for dancing, and later highlighted the formal dance with a 45-minute show, featuring singer Gary Jones.

When the last dance was over the couples ventured out into the cool night air on their way to the Marion Civic Center. Neil Simon's "The Goodbye Girl" was shown at 2:00 a.m.

From the Civic Center, couples went home to change into casual clothes for the morning dance at Coo-Coos, which was held from 3:00 a.m. to 6:00 a.m. Saturday morning. While some danced, others put the bowling facilities to good use.

At the end of the morning dance, each left with the knowledge that the memories of the 1979 MHS Prom would always remain.

The story of Joseph Stein's "Fiddler On The Roof," performed last spring by the MHS choral department, deals not only with the trials of a Jewish family, but holds its audience captive as it characterizes typical human emotions.

The production of a musical, an undertaking which cost a total of over $4000, **had** to demonstrate excellent showmanship, and required constant planning and rehearsal by cast, crew members, and director, Yolande Peterson.

# *The 'Fiddler' dictates "how to eat, how to sleep, how to wear clothes."*

"Tradition" became a familiar word among cast and crew both on and off stage. Just as Tevye and his family observed traditions which governed many things in their lives, those who were a part of the musical formed their own traditions during the seven-week period spent in production. There were "traditions for everything," as Tevye remarked in Act I, Prologue, "how to eat, how to sleep, how to wear clothes." Every person involved became accustomed to eating meals between scenes at rehearsals, resting at every chance, and changing costumes within minutes.

When scenes had been rehearsed countless times, tempers had grown short, pockets were empty, "Why did we do this?" was a question which had to wait until the performance nights of April 6 and 7 to be answered.

Just moments away from show time, the group of over 125 actors, actresses, musicians, stage and make-up crew members stood in the backstage rooms of the Marion Civic Center and sang acapella "The Aaronic Blessing."

When the show was over, the final curtain had closed, the cast had received a standing ovation, and word had been received that the musical was a "sell out," the one last thing that told all that their work had not been in vain was the comment of their director, "You were wonderful. Truly the best."

# MHS students just doin' what comes naturally

Running away to join the circus was once a common thing for teenagers to do, but on April 20 the Student Council provided an opportunity for MHS students to create a carnival of their own.

Clubs were given a chance to buy a "booth" in the gymnasium, and there were various types of booths from ring toss to football throw and many others.

Later in the evening an olympics was held, in which club members competed in events such as hockey-putting, cup-blowing, and jello-slurping.

# Lady Cats slide into a winning season

The 1979 season proved to be the best ever for the Varsity Girl's Softball Team. Under the leadership of Coach Bob Jackson, they finished the season with a 7-4 record and advanced to the regional tournament.

Freshman shortstop Carol Absher was chosen as the Most Valuable Player. Absher also received the Golden Glove Award for fielding. Martie Blue, a senior, was honored for outstanding batting, and the Most Improved Player was senior Jill Clark.

# Sluggers capture Conference

Strike one! Strike two! Strike three! You're out!! The Baseball wildcats didn't hear those words very often in 1979; at least, not when they were on the offensive. Under the direction of veteran Coach Jack Fletcher, the team finished the season with a 20-2 record, won the South Seven Conference Championship, and advanced to the Sectional Tournament in Belleville.

Joe Baker, senior pitcher and third baseman, was awarded Most Valuable Player and chosen for the All-State team, an honor he shares with Ray Fosse who earned it in 1964. Senior Bill Atkisson won the Most Valuable Pitcher Award. Bryce Glasco, senior catcher, was chosen as the Most Improved Player.

Coach Jack Fletcher summed up the season in these words: "They accomplished a lot. They won more games than any team has ever before. I would have to say that this is one of the most successful teams we've had in the history of the school."

# Tracksters add wins to their stride

A first in the Williamson County Meet, a fifth in the South Seven Conference, and a tie for first with an undefeated Murphysboro team proved that this season was the most successful one since the 1973 formation of the Varsity Girls' Track Team. They finished the season with a 3-4-1 record.

Lori Gulledge, a junior sprinter and hurdler, was voted Most Valuable Team Member by her teammates. She was also awarded Most Improved Team Member. Junior Ellen Guard was chosen as Most Valuable Distance Runner. Tish Carneghi, senior, received the Most Valuable Field Award for the third consecutive year. Most Valuable Sprinter was freshman Linda Wilson, who holds the school record in the 220-yard dash.

# Athletes' feats takes county meet

What kind of varsity team has no seniors? The 1979 boy's track team was that kind of team finishing the season with a 3-9 record. They won the Williamson County meet, breaking county records in three events—the mile relay, 880-yard run, and the two mile relay. The team qualified for the Meet of Champions in six events.

Junior Ron Dismang, an 880-yard runner and member of the mile relay, was chosen as Most Valuable Team Member. High jumper and long jumper Willie Thompson, a junior, won the Outstanding Field Award.

With an undefeated Frosh-Soph team that was 5-0 in meets for the season, the future looks bright for the track Wildcats.

# Variety adds spice to life at MHS

"Saturday Night Live ... On Friday Morning," was the variety show theme which tied student life and favorite pastimes together producing a crowd-pleasing effect. A money-raising project sponsored by the Thespian Troupe, the show was a sell-out.

Emcee Paul Reed led the opening act "The Freaker's Ball" which was performed by the Thespian Club members. The show included a jazz dance to "Easy On Down the Road," two different Steve Martin impersonations, and a poem entitled "Someone ate the baby?", and many other acts.

# Sophomores celebrate with a night in "Heaven"

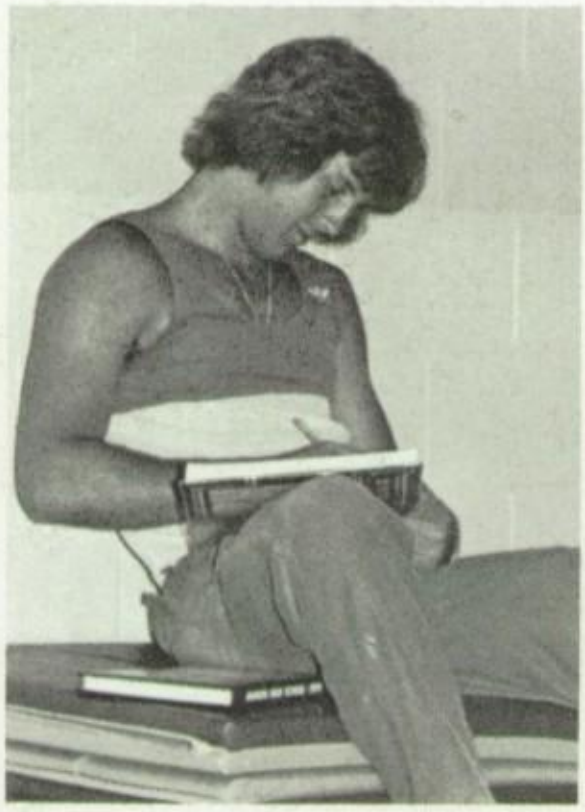
"Heaven" was the theme selected by sophomores for their class' spring dance. The class of 1981 sold T-shirts and hats during the fall in order to raise money for the hop which was held at the Marion Youth Center on April 26. The band "Stasis" selected by Class President Richard Parker, provided the music for the dance. The class sponsors and chaperones for the evening were Mrs. Linda Walker and Mr. Tom Anderson.

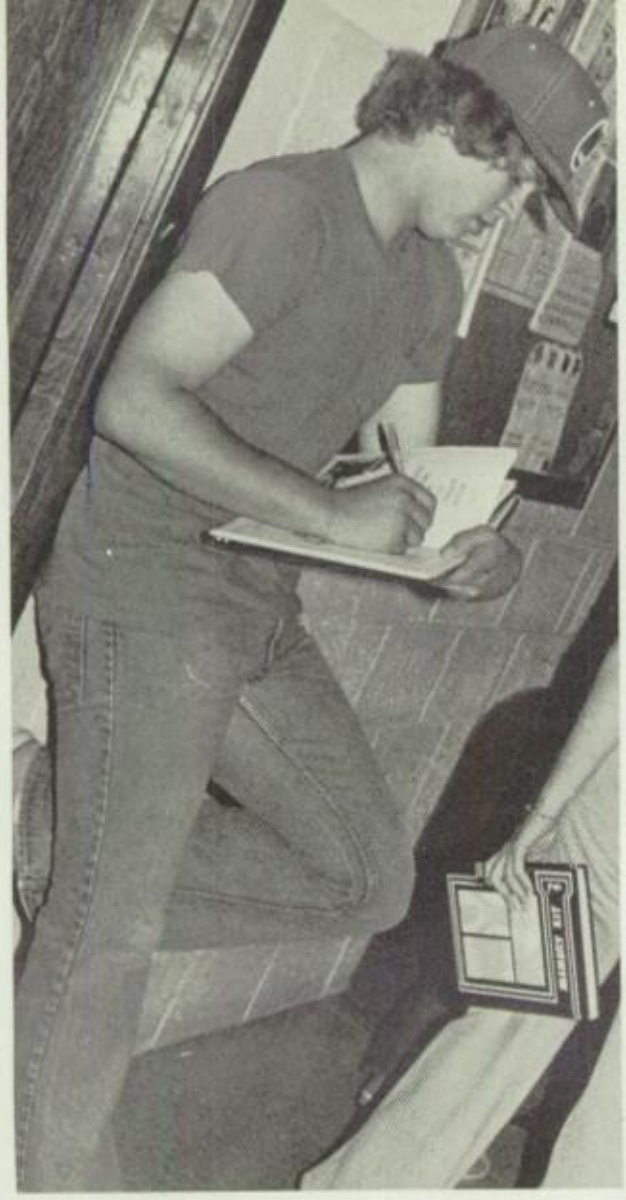
# The things memories are made from

Although the things recorded in the yearbook will bring back many memories in years to come, the thing that makes each yearbook special is the autographs signed by friends.

With this thought in mind, each year the Annual Staff hosts an autograph party open to the entire school at the Marion Youth Center.

Refreshments were furnished by the 1978-1979 Memory Kit staff. Drinks were supplied by Marion Pepsi-Cola Co.





# Lions' Club recognizes outstanding students

# *"The tassel is worth the hassle."*

The long awaited final years of high school arrived, nine months "glided" by and suddenly the good ol' days of Marion High came to a halt.

Along with the everyday activities that consumes a student's life, seniors were privileged to take college entrance exams, attend prom, create chaos on Senior week, and prepare for graduation.

Graduation day arrived and slipped by. The Marion High School class of 1979 left with many happy memories as they approached into their own new worlds and futures as individuals.

# Excellence is stressed by NHS

Sponsored by the National Association of Secondary principals, all National Honor Societies stress excellence in character, scholarship, leadership, and service. The Marion Chapter received its charter May 24, 1967. The Marion High School faculty nominates students, after which the Faculty Council makes the final decision.

National Honor Society held an impressive induction ceremony September 25, 1979, highlighted by an address by Attorney James Sanders.

Each year National Honor Society Awards a $100 Scholarship to one of its members. It is voted on by the other NHS members and presented to the winner at the annual scholarship night.

An annual pot luck picnic is held at Pyramid Park in May with members and the faculty council in attendance.

# Queen's coronation highlights festivities

The Coronation was not only one of the first, but possibly the most exciting activity during Homecoming week. The people in the MHS auditorium sat patiently as David Miller announced each attendant's name. The coronation is attended not only by the students, but by former students, parents, teachers, and many Marionites who merely enjoy the royal procession and want to join in some way this annual event. Anticipation was felt as each attendant entered the auditorium to her theme song. Entering to "The Theme From Love Story" and escorted by Sean Phillips, Jeri Goodman was crowned 1979 Homecoming Queen Thursday evening, October 4.

The 1979 Homecoming Attendants were: Freshman LeAnn Zoeller, Sophomore Cheryl Crisp. **Second row:** Sophomore Tracy McKinney, Junior Amy Morgan. **Back row:** Junior Hailey Cox and Tracey Bearden, Seniors Dana Rix, 1st Runner-up Lisa Lovelace, Rogie Knickerbocker, Ann Bleyer.

# M.H.S. — "We're Looking Good"

Homecoming without rain? For MHS students, the prospect of an activity-filled Homecoming day without the addition of gray skies and torrents of rain would be placed somewhere between incomprehensible and just plain impossible. But the sunny October 5 weather presented the Wildcat fans with a perfectly conditioned afternoon for the parade which preceded Friday night's game.

The parade drew a large crowd, and the excitement was contagious. Many people will agree that Homecoming 1979 is one that will not be forgotten. "We're Looking Good," the theme for Marion's 1979 Homecoming, was the source for many creative ideas for float themes. Twenty-five of the MHS clubs built floats using ideas from television commercials.

Due to scheduling problems both Spirit Week and the traditional bonfire were not held. An all-school pep session was held during school Thursday on the football practice field.

The final score was 13-6, but for the wrong team, as the Wildcats were defeated by the Carbondale Terriers in a tough struggle Friday night.

After the game, "Savannah" provided the music for the dance in the Girls' Gym.

From the sunny weather to the absence of traditional events, to the coronation of the Queen, the 1979 Homecoming was an event which will remain always with those who participated in the work, fun, and the special events which all went together to build school spirit and create memories.

# Golfers drive to Pyramid victory

The Wildcat Linksters teed off to a successful season this year. Under the leadership of three Juniors, they putted their way to a first in the Pyramid Tourney, a new school record, and a fourth in the District Tourney.

Shane Neicamp, Jim O'Hara, and Jon Rice led the team with averages of 39.3, 41.2, and 43.7 respectively. Shane Neicamp placed fourth in the Conference Tourney, while Jim O'Hara placed first in the Pyramid Tourney; he also qualified for the Sectional Tournament.

The highlight of the season was the Pyramid Golf Tourney. The Wildcats set a new school record of 149, easily beating Tourney favorite West Frankfort—157, host Johnston City—183, and Herrin—234. Jim O'Hara won the Tourney medal with a 34, while Shane Neicamp's 37 gave him a tie for second. Jon Rice—38, and Scot Hunter—40 rounded out the scoring for Marion.

Finishing the season with a 5-7 record, the Wildcats can look back at a good 1979 season, and can look forward to an even better season in 1980.

# Volleyball "sets up" in Marion

Bump . . . set it up . . . the spike! Most of the girls who tried out for Marion's first volleyball team didn't even know what "power volleyball" was. Three months later, after five exciting wins, eight disappointing losses, (some just barely), and many long hours in practice, the Wildcats had learned . . . and had left a promise to come back next year as a force to contend with.

Having only two players with any competition experience, the Wildcats continually had to strive to overcome the inexperience that haunted them throughout the season. By season's end, the team had pulled together an offense that spiked well, a good defense, and some of the best servers in Southern Illinois.

Coach Lynn Love was pleased with the efforts of her first volleyball team: "Despite our losing record, the team has completed a very successful inaugural year. The girls have improved tremendously since the first day of practice in August. The teams have given the fans many exciting games and should be proud of their first season. All in all, we've had a very good year, and the girls have exceeded all my expectations."

Three seniors, Anne-Sophie Colmant, Ann Bleyer, and Susan Palmer, will be missed next year. Nevertheless, as three fourths of the team consists of Sophomores, the future looks bright for the spiking Wildcats.

The 1979 Sophomore Wildcats are: Manager Billy Ray, Tommy Johnston, Billy Jackson, Phillip Neal, Terry Stigall. **Second row:** Trevor Crabtree, Joe Groves, Mark Prout, Chris Neeley, Don Crees, Todd Booten, Dan Kinsey, John DeMattei, Wade Roberts, Larry Boyd, Brian Carter, Brian Newingham. **Third row:** Coach Glenn Gibbons, Keith Graves, Chris Paul, Chico Castellano, Bill Jones, David Gisy, Greg Miller, Daryl King, Eric Fisher, Jay Koechner, Randall Edmondson. **Back row:** Assistant Coach Steve Rogers, John Pankey, Brian Smith, Lowell Anderson, Neal Luckett, Jay Clark, David Ham, Greg Culbreth, Randy Miller, Marc Palmer, Jeff Neuman, Manager Charlie Cabaniss. # Super Sophs do it again

Look! Up in the sky! It's a bird! It's a plane! No! It's the Sophomore Football Wildcats! The team may not be made up of supermen, but with a 9-0 record it must certainly seem that way to their opponents.

They scored 137 points this season, averaging 19.5 points per game. At the same time, the rock-solid defense allowed only 22 points, an average of 3.1 points per game. The Wildcats rushed for 1,580 yards this year, while quarterback David Ham connected for 263 yards in the air. Altogether, the offense produced 1,843 yards.

With 16 straight wins and no losses in their high school careers, the Wildcats have set a new record for football wins at Marion High School. Having won the South Seven Conference Championship puts the Sophomore team in an elite group, as only three other Marion teams have done.

Glen Gibbons, coach of the team, is optimistic about the future. He says, "I think that with this year's juniors and sophomores, next year's varsity has a good opportunity to qualify for state; they will be the first, and their chances are reasonable if they work to improve. I mean they'll have to stay involved, and get stronger, better, and faster."

With so many accomplishments behind them, the 1979 Sophomore Football Wildcats may deserve to be called "Supermen" after all.

# Freshmen come on strong

In their first year of high school football, the Freshman gridironers lived up to their name—Wildcats. They won second in the conference, scored more than twice the number of points they allowed, won five of the seven games they played, and averaged 18 points a game in what can only be termed a successful season.

Darin Sigler returned three punts for touchdowns—52, 60, and 70 yards respectively. Sigler also had the longest single run—85 yards. Scott Robinson led the team on defense with nearly 50 tackles.

The victorious Marion Freshman Football Team can confidently look forward to their remaining three years at Marion High School.

# *Varsity football looking good*

At the beginning of the season, Head Coach Alan North called the 1979 Wildcats "the best football team I've seen at Marion High School in the last ten years." Through such thrilling victories as a 13-12 upset over Benton, and heartbreakers like the October 19 loss to Centralia, the Wildcats emerged with a season that will long be remembered by Marion's football fans.

Although plagued by injuries to starters Sean Phillips, Tim Broeking, and Scott Wilkinson, the Wildcats had sufficient depth to play a tough schedule, and come up with a fourth in the conference.

Within the next few years a new phrase may be heard in Marion—winning tradition—and the 1979 Football Wildcats will be remembered as the start of it.

Tri-Captains are: Randy McNary, John Dalton, and Sean Phillips.

# B-ball demands talent Frosh have it.

In 1891, a P.E. teacher put peach baskets up at each end of his gym and had his students try to throw a ball into them. He called the game basketball.

In 1980, basketball isn't so much a game as a science. A player needs talent, as well as certain definite skills. The 1979-80 Frosh Wildcat Team members have talent, and are working on perfecting skills.

Coach Hudson's team, with respectable shooting and rebounding, as well as a good defense, have a lot of potential. They finished a successful season with a 13-7 record.

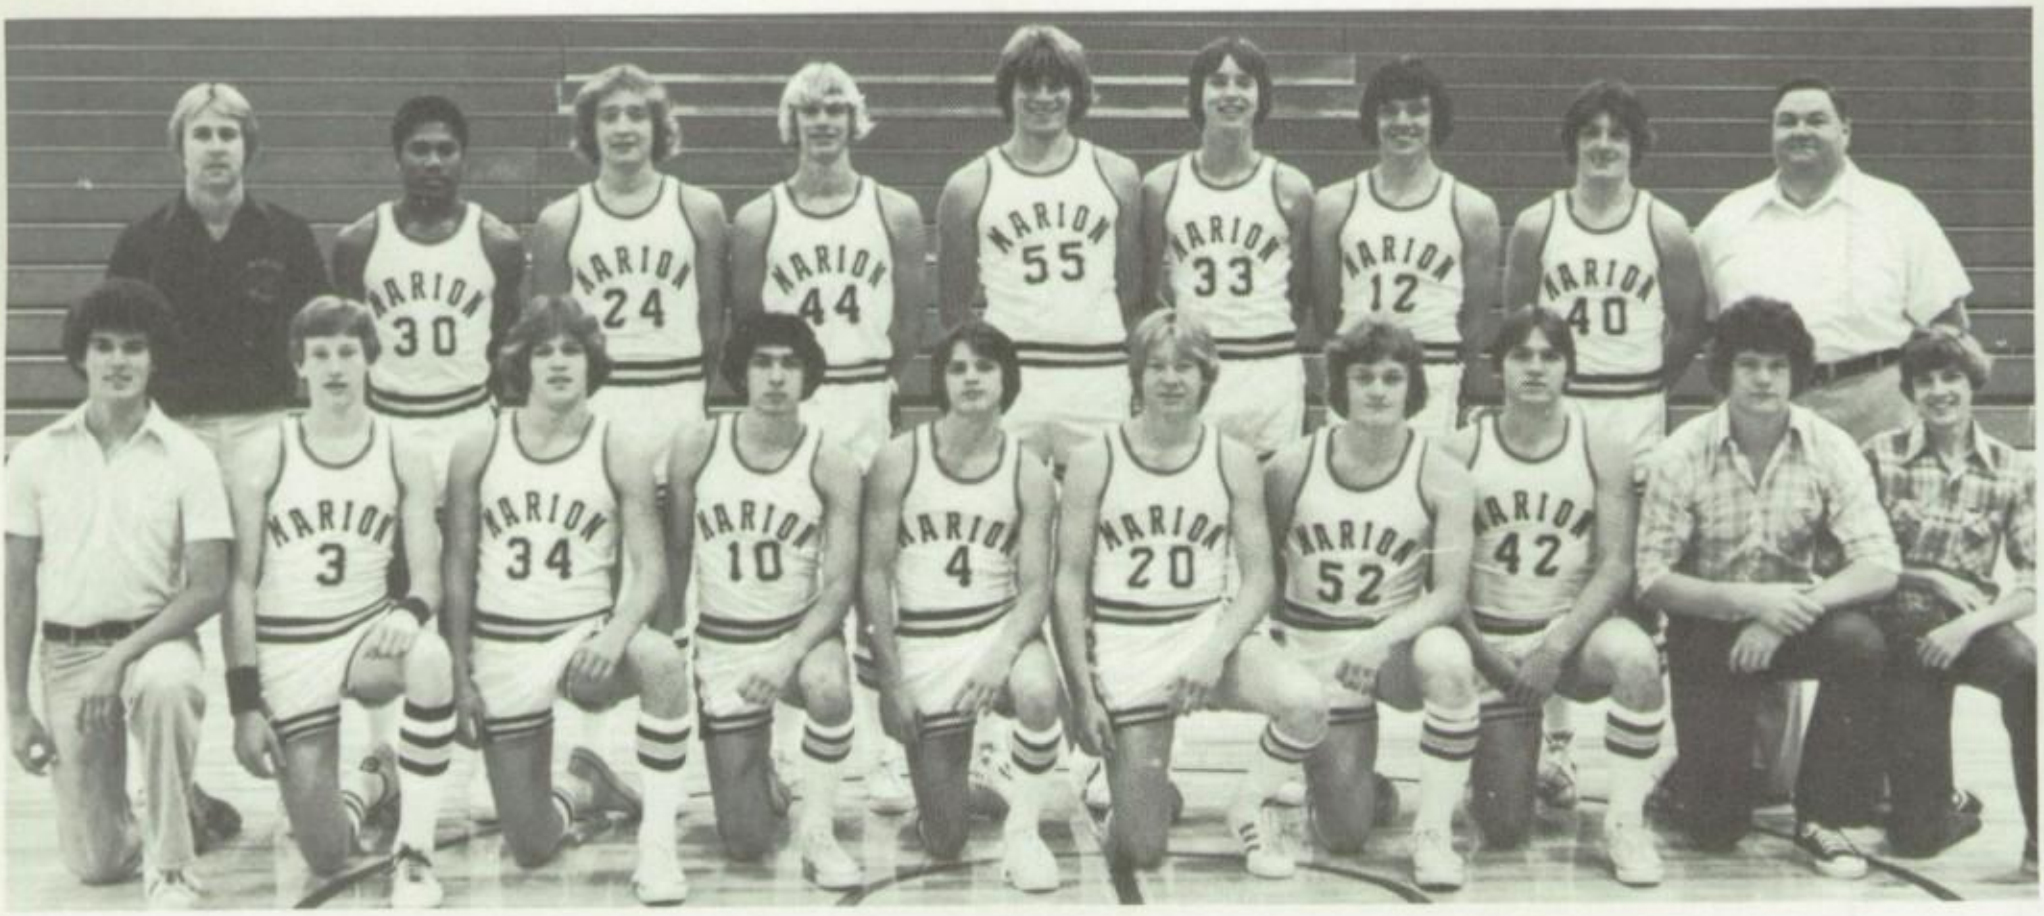
## Dribbling Cats "Bound for Glory"

With height inside and great depth at the guard slot, the Sophomore Basketball Wildcats had a lot going for them. With five players over six feet, they could outreach most opponents. In addition, they had depth at the guard slot, with six players who started at guard in at least one game. Unfortunately, inconsisity plagued the team, and they finished their season with a 6-14 record. The team utilized a fast break offense and press defense to break their opponents.



The 1979 Varsity Boys' Basketball Team are: Manager Eric Palmer, David Lingle, Steve McKinney, Mike Manfredo, Jim Alexander, Bob Arnold, Kevin Smith, Manager Bill Salzman, Manager Jim Broeking. **Back row:** Coach Gene Watson, Willie Thompson, Cliff Martin, Brian Rubens, Marty Martin, Shane Neicamp, Steve Cunningham, Sean Phillips, Assistant Coach John Kent.

# *Look up—see the shooting stars*

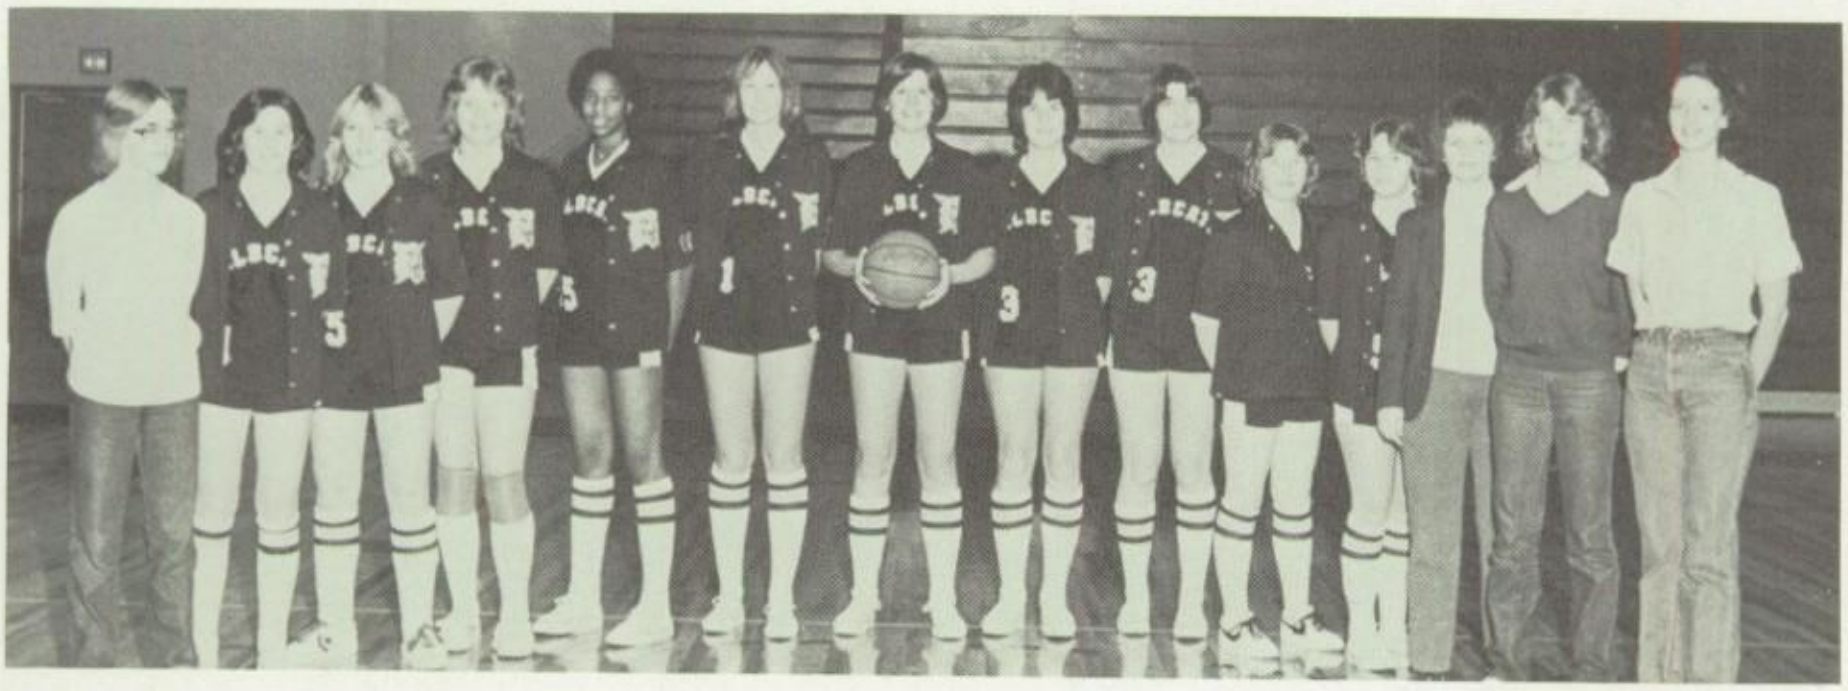
The ball goes to a guard, then across to a forward. A quick fake, and the ball is up ... and through! The scoreboard flashes two points for Marion as the fans wildly yell their approval.

This year the Varsity Basketball Wildcats were an exciting team. With only five seniors, they were young and coachable. Easy wins such as the Johnston City opener, and heartbreakers like the January 4 loss to Mt. Vernon in four overtimes seasoned the team.

The Wildcats were plagued by inexperience and inconsistency. At times, shooting as low as 29% from the field, the Wildcats seemed to fall apart. Yet, at other times, such as the game with Champaign Centennial, their play was nothing less than brilliant.

The Centennial game, played in the first round of the Carbondale Holiday Tournament, was a high point of the season. Unseeded Marion, shooting 50% from the field, upset the second seeded Chargers, 74-59.

# 3rd time charm for lady Cats



The members of the 1979 Varsity Girls' Basketball are: Manager Karen McCuan, Stacey Tisch, Marcy Borum, Carol Absher, June Lacy, Angie Rector, Ann Bleyer, Donna Bragee, Anne-Sophie Colmant, Beth Robinson, Regina South, Coach Lynn Love, Manager Linda Wilson, Manager Tara Sawyer.

The members of the 1979 Junior Varsity Girls' Basketball team are: Manager Karen McCuan, Manager Linda Wilson, Jayne Ann Richey, Mary Chamness, Jo Borum, Kim Jones, Traci Reach, Coach Lynne Dralle, Joy Parker, Becky Wilson, Tina Lenon, Kim Russell, Brenda Woodard, Lisa Stearns, Lisa Sena, Manager Tara Sawyer.

The Lady Wildcats started their third season by winning three of their first four games, but excessive injuries and a mid-season slump dissolved hopes of a winning record for the much improved team. The 1979-80 Varsity Girls' Basketball Team was more experienced and better balanced than before. With eight returning lettermen, Coach Lynn Love was able to depend on all of her starters to produce points throughout the season. In addition, the team had a strong bench, particularly at the guard position.

Wrestling requires strength, endurance, skill, and lots of hard work. Marion appears to have many athletes with the necessary qualifications, because this year the Wildcat Wrestlers blasted off to the most successful season in their six-year history. They won their first five matches and kept the winning intensity up throughout the entire season.

The grapplers shut Carterville out 61-0 in their first match of the season. They won their next four matches in quick succession before finally succumbing to Centralia.

An exceptionally large number of outstanding wrestlers were the key to a great season for the grappling Wildcats. Tom Johnston at 98 pounds, Randy Whiting at 126, Derek Woolard at 138, Jon Cavaness at 155, and Leo Willis at 185 all had excellent seasons with good records and tournament wins.

# Yearbook Staff proves to be hard work and good times

A yearbook requires more than the 180 allotted school days to draw up pages, take pictures, sell advertisements, write headlines and copy, and other numerous tasks.

During the summer months, the staff meets to hand out advertisement sales routes and begin planning next year's yearbook. The advertising helps meet the cost of several thousand dollars required to produce a yearbook.

Hours spent working on the yearbook total well over 200. These may come during first hour each school morning, on vacation days, before school, after school, or any other spare minute a staff member may have. The result is a 256-page collection of memories called "Memory Kit."

# Getting it all together

A position on the pom-pon or twirling squad means hours of practice and hard work. Both twirlers and pom-pon girls spend a week at camp during the summer, learning new routines and competing with squads from various schools. This helps prepare them for their performances at all home football games and most home basketball games. Their sponsor is Mrs. Barbara Koller.

# SCHOOL PERSONNEL

I think our education system should prepare a person not for his first job but for his last, that we should give him the basic knowledge that can continue to grow, that will enable him to develop new skills every day. We need people with the type of education that they will be able to apply to problems we don't even yet have. If you don't educate a person to the point that he can transcend a limited skill, then there's a good chance that person will become outdated.

As MHS made the transition from a three-year high school to a four-year high school the principals found no difficulty in keeping busy.

Whether they were working in the office or attending extra-curricular activities, the principals were always responsible for seeing that everything ran smoothly throughout the 1979-1980 school year.

1. Principal Clay Hunter announced the presentation of the scoreboard which was donated by the Kiwanis Club.
2. Mr. LeRoy Anderson, Assistant Principal, is involved in many school activities.

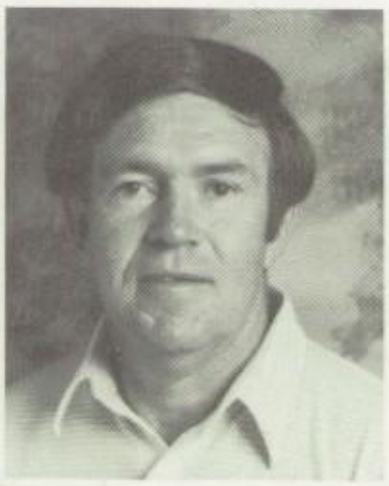
# MHS education improved by new facilities and more electives



The addition of the freshman class brought twenty new personnel to the staff; eight of these teachers previously taught at the Marion Junior High School.

"Having gone to a four year high school," said Mr. Clay Hunter, "the students who are freshmen now will be better seniors. They have more electives and will be more familiar with the school."

A faculty which Mr. Hunter describes as a "co-operative and well qualified staff" works daily with MHS students. Academic studies are only a part of a student's education, though. Learning to work well with many different types of people is important, too, and a good faculty teaches students to do this.

But do teachers learn anything from students? Mr. Hunter believes they do. "Working with the students renews enthusiasm. They learn that there are still many good qualities in people—especially young people."

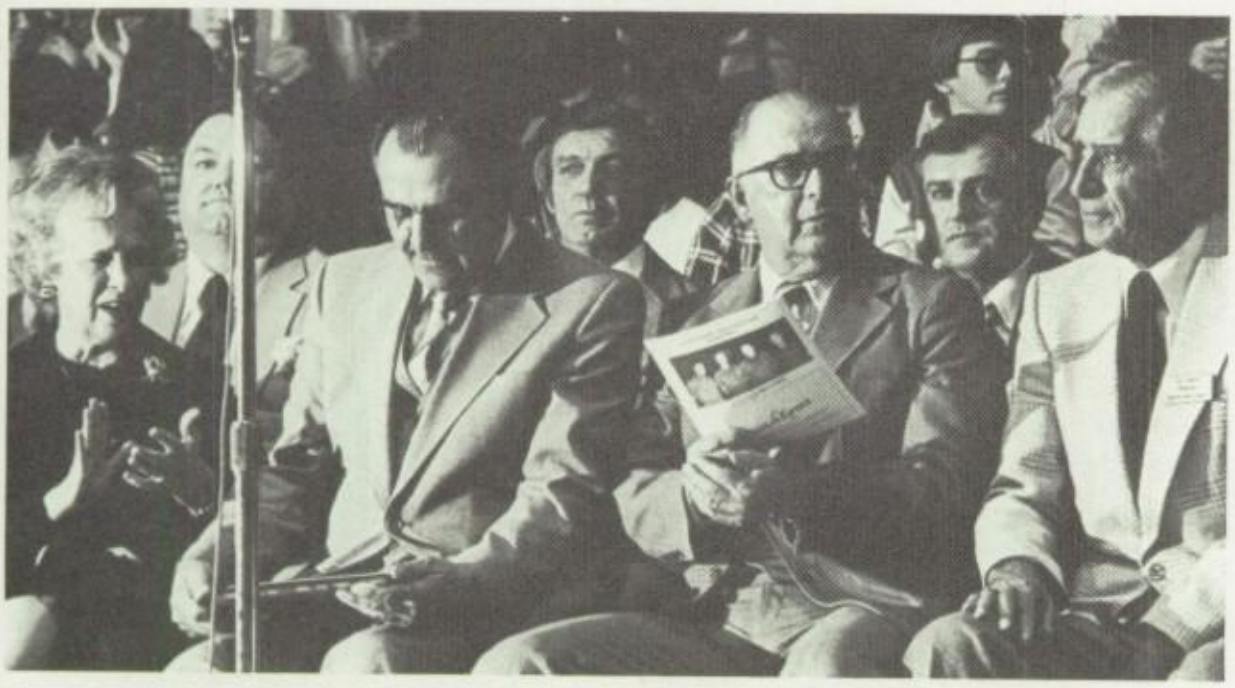
# Gymnasium named for "Cuss"

# Wilson in dedication ceremony



Mrs. Hazel Wilson, wife of "Cuss" Wilson received a plaque and roses during the dedication of the new Wilson gynasium. Those who participated in the ceremony were School Board President Frank Manfredo, (second left), Superintendent A. C. Storme, Principal Clay Hunter, (back row) members of the 1949 Wilson team that went to State, John Kent and Floyd Hill and MHS Athletic Director Clarence DeMattei.

"Wilson Gymnasium" is a relatively new name in the vocabulary of MHS students and faculty. The new gym was completed in the fall of 1979, and was ready for the Marion crowd by the date scheduled for the first home basketball game.

The gymnasium was named for Virgil "Cuss" Wilson, a former teacher, assistant principal, and coach. The gymnasium represents the respect and admiration held by the people of Marion for one who contributed to the education of MHS students.

The dedication of the new gymnasium on December 7, 1979, was attended by not only high school fans, but by many family members, former co-workers, students and friends of "Cuss" Wilson, who respected and admired him.

We had walked together as a class,
finding each other and ourselves during four years.
We had found good and bad
and knew where we were,
although some of us didn't know why.

Now all of us
the familiar faces, walked away,
each seeing his own path,
each finding his own tomorrow.

Standing tall,
we walked our last step together . . .
To graduation.
I was leaving.

Angie,
Well our big Sophomore year is really over! My God, it just began! We really had neat times in 2nd hour talking about Greg, Creal cheerleading and your new room. You better write me over because I love wicker! Angie, I'm really really glad I got to know you because I can honestly say you have to be one of the sweetest people I've ever met. Let's get together this summer I mean it! Remember working on the float and spray painting and all of Mr. Reid's funny jokes and Mr. Nolen's nifty lectures. Good luck w/ Greg!

This year I had a lot of fun. I hard year I hope you get to your party. I'm sorry I couldn't to see you this summer. I hope I get good luck next year.
Love,
Angie Williams

Angie,

Well, the year is almost over and will be big juniors (hopefully) We've had some good times and Deneh made it through Julius Caesar together. You're a little silly but you've got to be that way around here. This year has really gone by fast. We're only by before we know it. It really got two years left which will go makes you think. In two years we'll be in cap and gown and good ol' high school days will be over. Say a prayer for me and "Roddie". I know that with what we feel deep inside, we'll get everything back together. Good Luck with Greg! I've got to meet that good lookin' thing some day. I hope to see ya this summer. Be good! Don't do anything I wouldn't do. See ya later.

Angie,
I'm glad for the

Angie,

For a critter you're not too bad of a person. Ha! Ha! But seriously though, you'll never know how glad I am that I met you this year. You can always cheer me up and that is really an important and good trait of yours, you're always happy to lend an ear when I have a problem. Believe me I'll never forget that. I'm so happy that you found Greg I think he'll be really good for you. But if he doesn't take good care of you, you have my permission to beat him up! Whoa!! (I'm so mean!) Well now this summer you'd better come to the big, swingin', city of Marion and visit me! Good Luck

# In memory

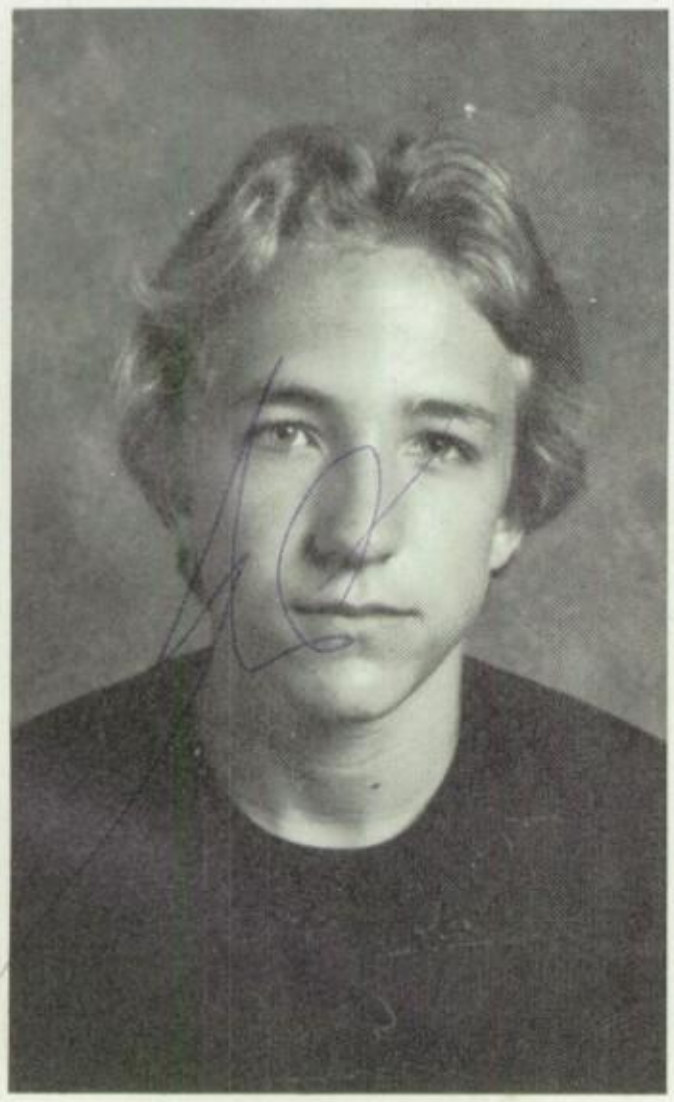
## Sandy Cobb

Class of '80

June 25, 1962—February 2, 1980

In memory of all the wonderful times we all had with Sandy. For she was a wonderful person, and even though she is not a form on earth, she is an everlasting form in all of our hearts.

*Written by a friend*



## Scott Leukering

Class of '83

July 1, 1965—February 17, 1980

Although you were with us for just a short while, you touched our lives so many ways, your love, your friendship, your smile.

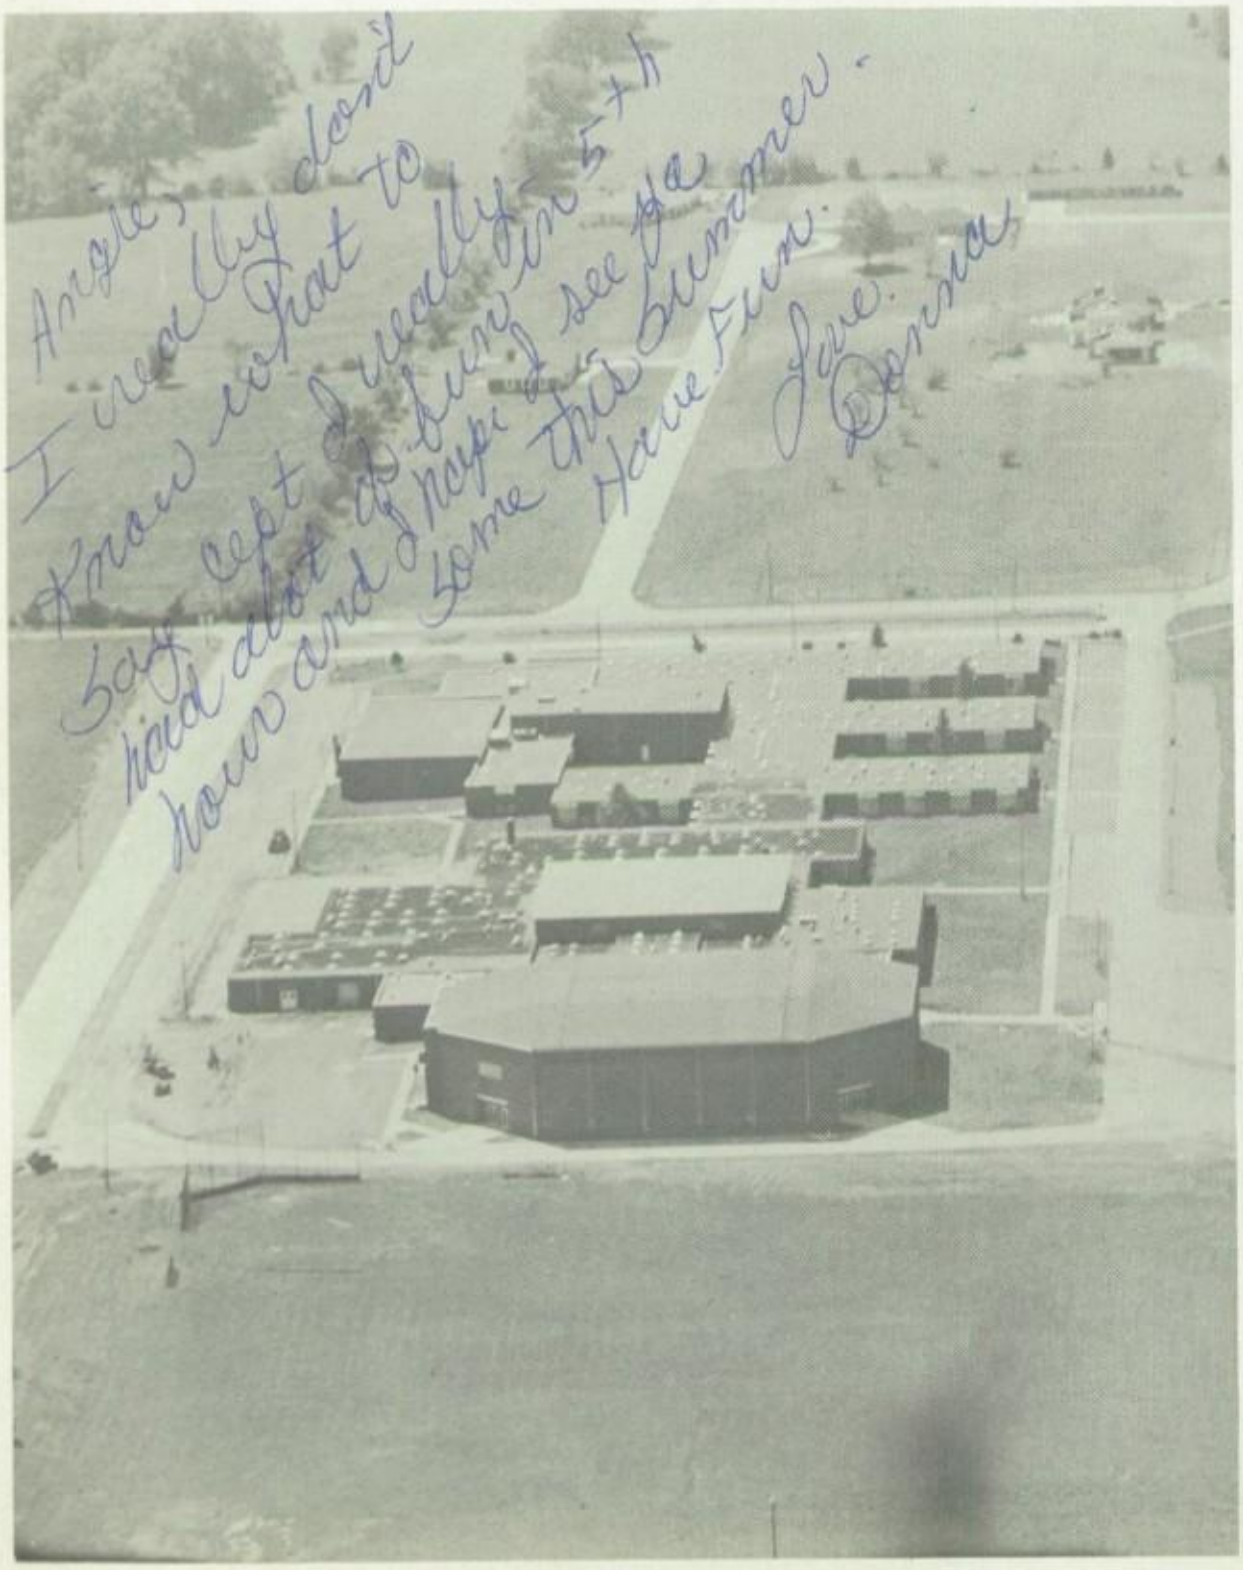
We no longer see you practicing football, the way you pass and run, or see your smiling happy face, or hear the beat of your drum.

But if we live our lives the way you did my friend, someday without a doubt we'll all meet you again.

*Written by a friend*

## *The end of the road is but a bend in the road*

All our compiled experiences—our activities, our disappointments, our accomplishments—have each taken us along many different paths. Looking in retrospect at the past four years we can see that each of those experiences, no matter how small or discouraging, has been vitally important; for each path has played a part in determining which road we will choose for the future.



Angie,
Well. what can I say? But we made it through this year almost. I can say we've had alot of good times and a few bad ones to go along with it. I wish we could have had some more classes together. Thanks for listening to all of my troubles this year. Always remember when ever you need someone to talk to or trust anything with I'm always there! I'll never forget all the fun we've had this year at Skate Train. and every where else we've been we've always had a good time. P.E. was pretty good too since we were all so athletic!!! You and Greg make a good couple! I just wish Mel and Clint was back together. I don't know if I'm gonna be able to take it the way we are right now. Just hang out. I think I'm in love with him. I can't wait until you move out to the lake. I promise you I'll come out there this Summer! I want to wish you the best of luck in everything you do. Have a great summer!!

You are one of the sweet girls who are tops and always tops with me. I hope you have fun over the summer cause I will always be thinkin about you. I hope we can get together sometime over the summer and fall to have some fun. I will be looking for you over this summer and every ~~son~~ summer that follows

Love Always,
Bill Guttmann

Angie,

Hey girl! Well this is gonna be the hardest yearbook I've had to sign. Mainly because I have so much to say to ya. I'll start by saying this was a pretty decent year. Just think I only have one more to go and you only have two. That's not too bad!

I'm <u>so</u> glad me & you got close again. We have had some excellent times together. I'm glad me & Mark got you and Greg together too. But we are gonna have to double more often. Don't you agree? Remember the first time we doubled and went to Ira's & drank Rena Collata's? That was fun. And then we went to Eddie D. and held hands under the table because we were <u>so</u> scared. You drank all those margaritas without any liquor HA! You're crazy.
